OUR MISSION

At Motion Picture Tech, our mission is to provide a transformative and creative Career and Technical Education (CTE) experience that is welcoming to all. We are dedicated to nurturing a diverse and inclusive community, ensuring that every student has equal opportunities to excel in dynamic and rewarding careers in film, television, broadcast, and advertising.

A Hub of Diversity and Talent: We recognize the value of every voice and experience. While we acknowledge the historical underrepresentation of certain groups, including BIPOC communities, in the film and television industry, our focus is on embracing students from all backgrounds, ethnicities, and experiences. Our goal is to create a learning environment where every student feels represented and empowered to express their unique creativity.

FILM & VIDEO PRODUCTION CTE PATHWAY

Video Production

- Camera
- Lighting
- Sound

MESSAGE FROM FOUNDING PRINCIPAL KEVIN LOPEZ

We are excited to introduce Motion Picture Technical High School, a new CTE and Student Pathways NYC Public High School that opened its doors in September 2024 in Northern Queens. Our school serves as a nurturing ground for aspiring filmmakers, media designers, and skilled technicians, providing them with the tools, insights, and network needed to thrive in the ever-evolving film and television industry.

While the spotlight often shines on actors, writers, directors, and producers, the true magic of film and television depends on the dedication of "below-the-line" professionals—cinematographers, sound engineers, editors, production designers, and more. In partnership with the Roybal School of Film and Television Fund, Motion Picture Tech is committed to building a more inclusive and equitable future in film and television production.

Our mission is to give students unparalleled access to mentoring from industry professionals, valuable work-based learning internships, and an immersive educational experience that includes early college credits and industry-recognized credentials.

Thank you for joining us on this journey at Motion Picture Technical High School. We are excited about the stories we will create, the lessons we will learn, and the legacy we will build together.

Proudly,

Kevin A. Lopez, Founding Principal
Motion Picture Technical High School (30Q367)
